

No Trespass Signs by Maple Leaf Press

Help protect your property from unwanted trespassers or hunters by posting signs. It is your property and you deserve to be the one who determines who will be safely there.

Each sign is printed on tough polypropylene stock. The bright yellow color helps to increase visibility. These signs are flexible enough to staple to a tree and strong enough to be out for months.

Product comes prepackaged with quantity and UPC for the multi-pack. The smaller 5.5" x 8.5" signs have 100 pieces and the larger ones have 50 pieces per package. **Note:** Individual signs have their own UPC codes so you can choose to sell them individually also.

Because states have different requirements on sign size and placement necessary for you to prosecute violators, verify with your state DNR to find out what is required.
